I take pleasure in presenting LOLC Cambodia's performance for Q4 2019. As the second Microfinance Deposit Taking Institution (MDI) in the country to issue a corporate bond (KHR 80 billion - equivalent to USD 20 million), LOLC Cambodia is committed to offer new financial products while promoting the use of Khmer Riel currency.

As of Q4 2019, LOLC Cambodia continued to maintain its outstanding financial performance and social results. With effective strategic policies aimed at catering to the fast growing Small & Medium Enterprise Sector and internal controls, LOLC Cambodia has increased its loan portfolio to USD 779 million, an increase of 62% compared to end of 2018. The PAR \geq 30 days was maintained at 0.61% which was lower than industry average. With fast and quality growth, LOLC Cambodia has consolidated its position as the country's 4th largest MDI in terms of gross loan portfolio (GLP) and deposit balance and the 3rd largest MDI in terms of number of borrowers, while ROA was the highest among the top 7 MDIs and ROE ranked 2nd both in 2017 and 2018.

In October 2019, LOLC Cambodia got approval from the regulator to increase its registered capital to more than USD 56 million. With Technical Support from the LOLC Group, the Company will keep modifying existing products and services to fit client needs. Further, LOLC Cambodia will keep strengthening its customer service and continue to develop new and diversified products to meet market needs, including planned savings accounts, children savings schemes and Utility Bill payment services.
