Impact Business Models (IBM) Rating

PLATINUM

What is an Impact Model Rating?

The Impact Model Rating recognizes business models that are specifically designed to solve social or environmental problems through company products or services, target customers, value chain, ownership, or operations

Why did the company earn this Impact Models Rating?

TPC mainly targets the very poor (less than \$1), poor clients (live below national income) and low income people (below \$3.75). They use the PPI tool to measure income level of all new clients and periodically track client poverty progress.

For more details, see Impact Business Models section

Impact Operations Rating

What is an Impact Operations Rating?

The Impact Operations Rating evaluates the impact of the business in how it operates. This is sometimes referred to "ESG" (or Environmental, Social and Governance) practices.

Why did the company earn this Impact Operations Rating?

TPC performs strongly in workers and governance section. The company has an ESOP program, 7.6% of the company owned by workers and offer training that includes life skills training. The company holds regular local meetings and is involved in advocacy.
